

*Pete recorded comments on Page VI*

020046 - I got to watch this bird, its got a little different angle to handle.

0207.34 - 276.48 remaining very very slow climb.

03 - 73442 fuels going to look bad.

023205 - 29.5 79000 made up a little of the fuel I lost. Must be a really good wind up here - speed 1890 turned 180 degrees - speed now 1830. Well that's not bad if you think about it.

024140 - Point 6 - 26.5

0244 - 82,000 320 mock. 330 Knots - 400 - 1827 ground speed.

0250:00 - Point 07 - 19.5 on fuel.

0413 - Turn with 41,200 at position 11.

0427 - HOLY MACKERAL

0434 - Cameras back on at 3528 - 12837

0437 - Terminating extra camera run at 3429 - 12819

Well I thought up a few pieces of adrenlin that time!
